Frequently asked questions...

1. Can I tour the campus during the summer? Yes. Our Admissions Office gives tours to our new and transfer students. You may contact them at 864-977-7001 for more information.

2. Is it possible to see my assigned room during the summer? Yes. North Greenville University proudly hosts Centrifuge and M-Fuge Camps. Our campers check in on Monday afternoons and our residence halls are occupied by our campers through Saturday. You may tour the campus on a Monday morning and see your residence hall. Due to camp, rooms will not be available on Monday June 29, 2015. Contact Student Services for more information.

3. Should I bring a phone for my residence hall? No. The University does not provide phone service in the residence halls. We highly encourage our students to have a cell phone so that they can easily be reached in the event of an emergency. Students must supply their cell phone number to the University for the purposes of emergency contact and the information alert system. The University will not publish the student’s cell phone number nor will they give out a student cell phone number to off campus individuals.

4. What will be the size of my mattress? We have both standard twin and extra long twin mattresses in our residence halls. If you would like to purchase your bedding before arriving on campus, we suggest purchasing extra long twin bedding; extra long will fit both sizes.

5. What will be the measurements of my room? Please refer to the “Things to Bring” document for window measurements, rug measurements, etc. It is impossible to include measurements for all residence halls because of the wide range of housing possibilities. Many of our students find it fun to measure and shop with their roommate after they arrive on campus.

6. Can I have small appliances in my room? Yes. Items such as curling irons, coffee pots, fans, and irons are allowed as long as they have an automatic shut-off! We do not allow grease fryers, hot plates or space heaters.

7. Can I bring a small refrigerator and microwave? No. Each room is equipped with a Micro-fridge (Please see the “Things to Bring” page in this packet for details).

8. May I use extension cords in my room? No. Drop cords/extension cords may not be used in the residence halls. Only multi-plugs with surge protectors are allowed in the residence halls. This policy is mandated by the fire marshal.

9. Is there internet access? Yes. If you need additional information you may contact IT Services at 864-977-7272 or e-mail them at helpdesk@ngu.edu.

10. Should I purchase personal property insurance? Yes. The school recommends the NSSI insurance (please see assignment packet or Student Services for a brochure).

11. Can I pay for housing and choose not to pay for the meal plan? No. If you live on campus, the meal plan is automatically applied.

12. What is the policy on body piercing? The only piercing allowed is in the ear! Students may not have any other body part pierced. Students are not allowed to wear “spacers” or clear rings or other items deemed inappropriate by Student Services. Male students who represent the University in an official capacity (such as choir, athletes, RAs, Coordinators, etc.) may not pierce their ears.

13. Is it true that NGU is a drug/alcohol/tobacco free campus? Yes, that is true! This rule applies to students whether on or off campus! Students who violate major policies will be asked to withdraw.

14. Does my parent have to sign the “Accountability Form”? Yes. If you are a dependent of your parent, regardless of your age, your parent must sign the “Accountability Form.” Only students who are independent are exempt from having a parent sign this form.

15. Do I have to attend Orientation? YES! Orientation is mandatory for all first-time and transfer students. Orientation includes both resident and commuter students. There will be special sessions for transfer students.

16. May I check in earlier than the check-in date posted? No. Students cannot check-in early. All students should check-in on the designated day and time posted.
