

Baptist Foundation of South Carolina Scholarship Applications / Awards

Students applying for scholarship awards from the Baptist Foundation of South Carolina should note the following:

- ◆ Scholarship applications are matched to specific scholarship funds to which they qualify. Criteria for scholarship funds vary from field of study to other criteria. In addition, some scholarship awards must be approved by the endowment donors. Therefore, an award from a certain fund this year does not mean that the same award will be received next year.
- ◆ Awards granted and award amounts will vary from year to year based on number of applications received, scholarship eligibility matching, and availability of scholarship funds.
- ◆ Deadlines for scholarship applications for the school year will be strictly enforced. If you plan to apply for a scholarship, please note that applications *must* be postmarked by **April 30** in order to be considered for the current school year.
