

CHURCH *and* NON-PROFIT LAW 101

*Walking Ministry and Non-Profit Leadership
through a Legal Audit*

On a daily basis, churches and religious non-profits face ongoing legal, operational, and liability issues that require specialized skills and knowledge to overcome. It is often the case that churches and religious non-profits fail to take advantage of the numerous legal benefits that are designed to help them succeed in their missions simply because they do not know enough about this area of the law.

Attend this comprehensive overview on church and non-profit law to obtain a better understanding of the ongoing employment, tax, insurance, fundraising, and other legal issues that face churches and other religious non-profits.

All attendees will take away valuable information they can use to confidently lead their organizations through the technical legal issues they are facing.

WHO SHOULD ATTEND?

Churches: Senior Pastors, Associate Pastors, Board Members, Lay Leaders, Elders, Deacons, Church Staff Members, and the frequent Church Volunteer
