

RESIDENCY EXEMPTION FORM

ON-CAMPUS HOUSING REQUIREMENT

1. All new, readmitted, or continuing undergraduate students are required to live on campus for a minimum of eight (8) consecutive regular (fall/spring) semesters unless they are approved for a residency exemption. The Office of Residential Services is responsible for the approval of any exemptions. The following exemptions may be allowed with the submission of a Residency Exemption Form and proper documentation.

- Students who have completed eight (8) consecutive regular semesters in university housing.
- Students over the age of 23 as of the first day of class.
- Married students, or those that will be married, before the mid-term date of the semester.
- Students living in the permanent domicile of and with their parent or a legal guardian. Documentation verifying the permanent domicile must be provided below. The parent or legal guardian's permanent domicile must be in the following counties only:
 - In South Carolina – Anderson, Greenville, Laurens, Pickens, and Spartanburg.
 - In North Carolina – Henderson and Polk.

2. Unless approved for an exemption, all transfer students must reside on campus until they have completed eight (8) regular, full-time semesters. Transfer students may request an exemption based on the guidelines listed above. Further, if a student is transferring from a college or university found in one of the following counties (South Carolina: Anderson, Greenville, Laurens, Pickens, and Spartanburg; North Carolina: Henderson and Polk) and he or she has been living at an address within one of the approved counties, then he/she can request an exemption based on being under a pre-existing housing agreement. This housing arrangement must have existed 120 days prior to entering NGU. Proper documentation must be provided and sent to student.life@ngu.edu.

3. All international students must live in university housing unless they meet the requirements listed above.

4. All exemptions must be submitted two weeks prior to the beginning of the term. As a note, housing agreements are a year-long agreement.

5. Students must resubmit their request for exemption every fall semester for a yearly approval. Supporting documentation may not be necessary if living arrangements have not changed.
